

Incident Report & Procedure

OM Village cares about the safety and well-being of our members and guests. For this reason we have created an incident report procedure and form. Any person on OM Village property may write up a report when any behavior or circumstance threatens the stability or well-being of OM Village or puts any person's safety at risk.

The forms can be found on a clipboard in the retail space. Completed forms can be placed in the donation box in the retail space or given to a shop manager or a Board member to be reviewed.
