

Alcohol Policy

Occupy Madison Inc. (OMI) seeks to be a safe and inclusive community in which all people, including those recovering from substance abuse, can feel at home. We recognize that the success of OM Village depends upon our compliance with all City regulations and the good will of the neighborhood. Disturbances can put the entire project at risk. The presence of alcohol can contribute to concerns in the neighborhood and can affect the Tiny House stewards and their guests in different ways.

In order to achieve a safe and sober living environment, OMI does not allow alcohol in OM Village, including the Tiny Houses. This policy will be re-evaluated in June 2016.
